# Marbrex<sup>TM</sup> decorative internal panels

Marbrex is an elegant internal panelling system for decorating walls and ceilings.

*It looks great*

*It is quick to install*

*It helps to insulate the room*

*It reduces condensation*

*It is easy to clean*

Marbrex can be installed in about half the time required for tiling and does not need grouting. With so many advantages over conventional tiling there is a clear case for choosing Marbrex for your walls and ceilings.

Marbrex is a full system of panels, trims and joints.

## Decorative Strips

Alba Grey with Silver strip

Romano Beige with Gold strip

Some Marbrex panels are designed to take decorative strips in silver or gold between each panel. Refer to colour palette page for details.

# beautiful bathrooms stunning, stylish and very practical

The Marbrex range of floor-to-ceiling panels is designed to create the look and feel of luxury in your bathroom. The patterns make walls and ceilings come alive in beautiful marble or wood effect finishes in a wide choice of colours.

# *stylish kitchens*

*where style and hygiene are important*

In the kitchen, walls have to be attractive but easy to keep clean. The Marbrex wipe clean surface is just right for walls in food preparation and cooking areas. Tile grouting can stain and harbour germs, but Marbrex panels fit together without the need for grout.

Marbrex can be fitted behind a gas hob if protected by a heat resistant glass plate.
